

Our Lady of Peace Catholic Primary and Nursery School

Newsletter—Friday 18th July

Volume 35

Dear Parents,

And just like that, the school year comes to an end! I can't quite believe where that year has gone. It has certainly been a busy one with lots that has happened this year.

There have been many exciting opportunities for the children throughout the year, from trips linked to topics, visitors into school, plenty of musical events and our treat days from Friends of OLOP. The children have worked incredibly hard this year and I couldn't be any prouder of each and everyone of them. We have seen outstanding results this year and that is down to the hard work of the children, staff and support from parents.

We also finally received our Ofsted Inspection earlier this year and again a fantastic report was received following this. The school has been on a journey of improvement for the past few years and I'm really pleased that the inspection recognised this. We are looking forward to continuing to make improvements.

Our Friends of OLOP have worked incredibly hard during this year raising a staggering £14,480. £9517 of this money has already been put into providing the children with new resources and experiences. My thanks go to all the parents who volunteer on the PTA to help raise this money. Without this hard work, we simply couldn't provide the children with the additional items. My thanks also go to the whole parent community who come and support the events. Without your generosity, again we wouldn't be able to raise such a large amount.

When we return in September, we will all be in on one site. I will be writing to parents separately about the plans for this and where children will be based.

Thank you for your ongoing support. It is with the great partnership between home and school that allows Our Lady of Peace to continue to thrive.

Wishing you all a very peaceful and relaxing summer holiday with your children.

With all my best wishes,

Mr Stopps

WAKE UP WEDNESDAY

Whether it's sunny days at the beach or fun in the paddling pool, children are naturally drawn to water. But with excitement comes risk. This guide brings together 10 clear, practical tips to help parents and educators protect children around water – whether that's at home, on school trips or on holiday.

Backed by the Royal Life Saving Society UK, the advice includes knowing what beach flags mean, avoiding inflatables in open water, and learning to 'float and call' in an emergency. With a focus on prevention and supervision, this guide is a must-read for summer safety and beyond.

At The National College, our WakeUpWednesday guides empower and equip parents, carers and educators with the confidence and practical skills to be able to have informed and age-appropriate conversations with children about online safety, mental health and wellbeing, and climate change. Formerly delivered by National Online Safety, these guides now address wider topics and themes. For further guides, hints and tips, please visit nationalcollege.com.

10 Top Tips for Parents and Educators

STAYING SAFE AROUND WATER

Enjoying time in, on, and around water plays a vital role in a young person's overall development, offering a healthy and exhilarating way to have fun. This guide outlines essential safety advice, based on the Royal Life Saving Society UK's Water Safety Code, to help ensure children can enjoy swimming and similar activities safely and responsibly.

- 1 STICK TO LIFEGUARDED AREAS**
It's never advisable to enter unsupervised bodies of water, especially alone. Instead, it's considered best practice to accompany children to places with lifeguards, as they will be trained to respond swiftly in emergencies and provide first aid when needed.
- 2 LEARN SIGNS AND FLAGS**
When going to a new environment, it's important to research the local area and make children aware of safety signage before entering the water. If visiting the seaside, make sure children are always supervised by an adult and that they know what different beach flags mean, so they're knowledgeable of where and when they can enter the sea.
- 3 STOP AND THINK**
Young people should be cautious before entering water, as it's difficult to know what hazards could be underneath. Use the Water Safety Code and encourage children to ask themselves questions such as, 'Is the water too deep or too shallow? Are there currents, tides, or underwater objects?' Make sure children know never to enter water from a height, as what lurks below could cause serious injuries.
- 4 CONSIDER WATER TEMPERATURE**
Even on hot days, water can be deceptively cold. Tragedies strike when young people experience cold water shock. Never let children enter water quickly; instead, ensure that they enter slowly and carefully to allow their bodies to adjust to the temperature or exit easily if needed.
- 5 INFLATABLE SAFETY**
Although inflatables may seem like a fun idea when visiting locations like the beach, they can float further out from shore and into more dangerous water. It's advisable only to use inflatables in spaces like appropriately managed swimming pools, where they're used in more controlled and supervised environments.
- 6 SUPERVISION IS KEY**
For young children, and particularly those under the age of five, it's important for them to be supervised at home, outside and at the pool at all times. It's essential for parents and educators to understand that young children can drown quickly and silently; therefore, anyone supervising them must maintain constant watch in case they get into difficulty.
- 7 DON'T GO TOO FAR**
When swimming, especially in open water, it's best to teach children to stay within a safe depth. Shore advice with them such as only entering water up to a standing depth, and in the case of visiting the beach, swim parallel to shorelines. This will allow a child to stay in control and get out of the water easily.
- 8 KEEP POOLS AND TUBS DRAINED**
For parents of young children, a simple way to protect them at home is to keep outdoor spaces and bathrooms tidy after playtime. This includes removing water from paddling pools after use and turning them over, returning lids to hot tubs and taking toys out of baths, so all water can be fully drained from the tub.
- 9 FLOAT AND CALL 999**
If a child gets into difficulty in the water, they should try to float on their back, stay calm, and call for help. If a young person sees someone else in trouble, they should dial 999 or 112 immediately, then shout to reassure their friend, encouraging them to float on their back, and letting them know that help is on the way. Children should never enter the water to attempt a rescue or retrieve belongings.
- 10 TEACH WATER SAFETY**
Beyond swimming lessons, children should be educated in school on water safety. Use RLSS UK's accredited programme, 'Water Smart Schools', which offers free lesson plans and resources on how to be safe on, near and around water by following the Water Safety Code.

Meet Our Expert
The Royal Life Saving Society UK (RLSS UK) is a national water safety charity that gives children the chance to enjoy a lifetime of fun in the water, safely. Water safety education provided in schools is vital and, in some instances, could be a child's only opportunity to learn about the water.

NURSERY

As we come to the end of a wonderful year in Nursery, we wanted to take a moment to reflect on what a joy it has been to watch your children learn, grow, and flourish.

From their very first day, the children have amazed us with their curiosity, creativity, and kindness. One of our favourite moments this year was welcoming ducklings into our classroom — watching them hatch and grow sparked so much wonder and excitement, and it was a truly unforgettable experience for everyone!

Throughout the year, we've enjoyed exploring so many new things together. We've been busy developing our understanding of numbers up to 5, building strong early maths foundations through songs, games, and hands-on activities.

Story time has also been a magical part of our days. The children loved delving into traditional tales like *Goldilocks and the Three Bears*, learning about characters, settings, and story structure. One standout favourite was *The Colour Monster*, which helped us explore and understand different emotions in a way that really connected with the children.

We are incredibly proud of all that your children have achieved this year. Thank you for your continued support — it has been a pleasure to be part of your child's early learning journey.

Wishing you all a wonderful summer break!

With warmest wishes,

Miss Petford

Our Lady of Peace Catholic Primary and Nursery School

RECEPTION

In English, the Reception children have been enjoying the story *Penguin on Holiday*, which sparked exciting discussions about going on holiday to a variety of places. They explored destinations such as the Polar Regions, as well as the African savannah, the beach, and the rainforest, learning about the different animals that live there. The children wrote imaginative packing lists for the characters in our story, thinking carefully about what each character might need in these different environments. They also had fun changing the main characters and settings of the original story before writing their own versions in their English books. Using a story mountain, the children created fantastic five-sentence stories, choosing characters, settings, a problem, a solution, and an ending. It was wonderful to see their creativity shine through as they developed their own story ideas. The quality of their written work shows just how hard they have worked throughout the year.

In Maths, the children have made fantastic progress as they explored a wide range of mathematical concepts through hands-on, practical activities. They learned about sharing and grouping by dividing objects equally and solving real-life problems. We also looked at even and odd numbers, with the children using objects and games to identify number patterns and recognise the difference between them. The children enjoyed creating and continuing repeating patterns using colours, shapes, and everyday objects, demonstrating their growing confidence in spotting patterns in the world around them. They also developed their understanding of positional language through movement games and giving directions, using terms like “under,” “next to,” “behind,” and “between.”

Our Lady of Peace Catholic Primary and Nursery School

RECEPTION

In RE, our topic was *Dialogue and Encounter*, and the children enjoyed learning about the stories of Saint Peter and Saint Paul, reflecting on how they became followers of Jesus and spread his message. We had thoughtful discussions about how we, too, can be friends of Jesus by showing kindness, helping others, and making good choices in our everyday lives. As part of our learning, we also explored a range of other world religions, including Hinduism, Sikhism, Islam, and Judaism. The children were fascinated to learn about different beliefs and practices, and we talked about the many values these religions share—such as loving others, belonging to a community, and caring for those in need. It was wonderful to see the children develop respect and curiosity for different faiths, while recognising the common values that help us all to live kindly and peacefully together.

In PSED, we have been focusing on preparing the children for their exciting transition to Year 1. The children have spent time thinking about what they are looking forward to and have shared their hopes and dreams for the year ahead. They each wrote down a special wish for Year 1, thinking about what they would like to learn, achieve, or try when they move up. We also encouraged the children to write down any questions they had for their new teacher, helping them to feel confident and reassured about the changes ahead. A highlight was visiting their new classroom and meeting their new teacher, which helped them begin to feel familiar with their new environment. These activities have supported the children in feeling proud of how far they've come and excited about the next step in their learning journey.

We are extremely proud of all the children in reception for their hard work and their achievements this year!

Mrs Arampatzi and Miss Padley

Our Lady of Peace Catholic Primary and Nursery School

YEAR ONE

As we reach the end of Year 1, we are incredibly proud of all that the children have achieved this year. It has been a joyful and rewarding journey filled with learning, friendship, creativity, and faith. Our school's Catholic Life has been central to our daily experiences. The children have grown in faith through daily prayer, collective worship, and learning about the life and teachings of Jesus. They have reflected on Gospel values such as kindness, compassion, and forgiveness, and put these into action in their daily lives. Our class also took part in whole-school celebrations, assemblies, and charitable activities.

In English, the children have blossomed as confident and imaginative writers. They explored a wide variety of texts, including traditional tales, information books, poems and instructions. They particularly enjoyed planning and writing their own stories, using exciting vocabulary and creative ideas. It has been a pleasure to see their writing develop in structure, detail, and confidence. Alongside writing, the children have made excellent progress in reading and phonics, with growing fluency and comprehension.

In Maths, we focused on building strong number foundations, particularly mastering number bonds to 10. The children have used these facts to solve more complex problems with larger numbers, and have developed their skills in addition, subtraction, place value, and shape. They enjoyed exploring multiplication and division through practical, hands-on activities. They have learned to understand multiplication as repeated addition and division as sharing or grouping, developing key skills that will support their future learning.

In Science, we explored the topics of plants and animals including humans. The children enjoyed hands-on learning such as planting seeds, observing changes over time, learning about body parts and senses, and how to live a healthy lifestyle. Their curiosity and enthusiasm were wonderful to see. Also, the children learned about materials—identifying different types such as wood, plastic, metal, and fabric, and discussing their properties like hardness, flexibility, and transparency. They enjoyed hands-on activities testing materials and thinking about their uses in everyday life.

In History, we were inspired by the life of Mary Seacole and her incredible courage and compassion. We also explored communication through time, learning about William Caxton and the invention of the printing press, and Alexander Graham Bell, who invented the telephone. The children were fascinated by how communication has evolved over the centuries. In Geography, the children compared our local area to the bustling city of Shanghai. They learned about the similarities and differences between the two places and developed basic map skills to explore their surroundings.

In Art, the children expressed themselves through a variety of media, including paint, oil pastels, collage, and chalk. They explored colour, texture, and shape while developing their creative confidence and fine motor skills. In Design & Technology (DT), the children had great fun creating moving stories, designing simple mechanisms to bring their stories to life. They also enjoyed a practical food technology project where they learned how to make healthy smoothies, exploring the process of selecting ingredients and following instructions safely.

One of the highlights of the year was our wonderful Carol Concert, where the children sang and performed beautifully, sharing the joy and meaning of Christmas with their families and the school community. It has been an amazing year of growth—not only academically, but emotionally, socially, and spiritually. The children have built friendships, developed independence, and approached every challenge with enthusiasm.

Thank you for your continued support. We wish you all a happy and restful summer and look forward to seeing your child continue to flourish in Year 2!

Our Lady of Peace Catholic Primary and Nursery School

YEAR ONE

Our Lady of Peace Catholic Primary and Nursery School

YEAR TWO

Year 2 News Round-Up - Summer 2

It's hard to believe we've reached the end of such a fantastic year! This final half term has been packed with exciting learning, celebrations, creativity, and memorable moments. So much has been covered that we simply can't include it all—but here are just some of the highlights we're proud to share with you!

Religious Education In RE, we learnt about different faiths within our community and the importance of respect and understanding. We also took part in our End of Year Mass—a special moment to reflect on our journey this year. As part of our Jubilee Year celebrations, we explored how we can become Pilgrims of Hope. The children created a beautiful piece of collaborative artwork to show how we can bring light, love, and support to others through our actions and words.

English In English, the children have been drawing on their historical knowledge of The Great Fire of London to write diary entries from the perspective of someone who witnessed the event first-hand. They worked incredibly hard to capture the drama and emotion of the time—describing the sights, sounds, and chaos as the fire spread through the city. Their writing captivated the reader, giving a powerful insight into what people did and how they felt during this significant historical event.

Maths In Maths, we've been deepening our understanding of position and direction, using words like left, right, clockwise, and anti-clockwise through games and practical tasks. We've also worked hard to read and tell the time to the nearest five minutes—developing an important life skill along the way!

Geography The children created some brilliant projects all about Windsor. Using class iPads, they carried out independent research and presented their learning in beautifully designed double-page spreads. Their work reflected fantastic effort, growing independence, and real creativity.

Science In Science, we continued observing the development of our cress seeds, and we were amazed at how quickly they grew! This led us to look more closely at what plants and flowers need to survive and thrive. We discussed the roles of water, light, and soil, and carried out simple investigations to compare how plants grow in different conditions. The children made thoughtful predictions, kept observation records, and took great pride in seeing their science learning come to life.

Our Lady of Peace Catholic Primary and Nursery School

YEAR TWO

Design & Technology We've been very busy designing and making our own soft toy puppets. The children carefully planned their designs, selected fabrics, and used simple stitching techniques to create their finished puppets. Their creativity and perseverance were fantastic to see!

Computing In Computing, we explored a photography unit and had lots of fun becoming mini photographers. We investigated different photography styles, including landscape and portrait, and learned about lighting, angles, and basic editing techniques to enhance our images.

Music This half term, we shared everything we've learned in our recorder lessons with a lovely class performance. The children played with rhythm, confidence, and a great sense of timing. Well done, everyone!

RSHE In RSHE, we learned how to stay safe around water—especially during summer trips to the beach, swimming pool, or river. The children listened well and took part in meaningful discussions about safety rules and how to act responsibly near water.

French Day French Day was a magnifique experience! The children were treated to a thoroughly enjoyable and educational assembly. Later in the day, children visited KS2 classes and heard some beautiful opera singing and had an opportunity to paint using Pointillism. Perhaps most exciting of all, the children explored French culture, tasted some delicious French food, and had a go at simple greetings and vocabulary. La nourriture était délicieuse! (The food was delicious!)

Walk to School & Sports Day We've been doing our best to stay active this half term. As well as taking part in a brilliant Sports Day, thank you to everyone who came to cheer, we've continued to join in with the Walk to School challenge—choosing to walk, stride, or scoot whenever possible. Congratulations to all those who earned their badges!

and we are sure you are too!

What an incredible end to an amazing year in Year 2. The children have worked incredibly hard. They have shown resilience, enthusiasm, and kindness on their journey. We are so proud of each and every one of them

From all of the Year 2 team, we would like to extend our sincere thanks for all the support from parents and carers throughout the year. We wish you and your families a safe, relaxing and enjoyable summer break.

Our Lady of Peace Catholic Primary and Nursery School

YEAR THREE

Year 3 Summer Term

RE

During the summer term Year 3 have been learning about what it means to be reconciled with each other through forgiveness and reconciled with God through the Sacrament of Reconciliation. Some children were able to relate to their experience of First Reconciliation as part of their journey in First Holy Communion.

In the topic of Special places, we thought deeply about which places were special for us, why they were special and what thoughts and feelings we experienced in our special places. Later in the topic, we learned about the special places in Jesus' life, which events happened there and what they look like today.

We then looked at what a pilgrim was, especially in this year of Jubilee. We looked at important places of pilgrimage in England and how it was affected by historic events. Walsingham was one such pilgrimage site. Children were inspired to draw the ruins of Walsingham, using water colours and designed a badge a pilgrim would wear to show that they had visited the ancient shrine.

English

We have been learning about how to structure a discussion text. First, we looked at whether school uniforms were a good or bad idea. Through discussion and debate, many children agreed that there were benefits and drawbacks for these useful pieces of clothing! This structure prepared us for the topic on zoos, where children passionately argued, weighing up the pros and cons and researching the conservation efforts pioneered by non-profit groups throughout the world. Children expressed strong opinions, gave detailed explanations and composed excellent pieces of writing reflecting their deep convictions.

Reading

Our reading texts have carefully selected to support children in developing the purpose and structure of discussion texts. We explored reasons why Ariel should live on land or remain with the merfolk and whether Willy Wonka's Chocolate factory should close or not. The children found the texts enjoyable, engaging and relatable and found it easy to structure arguments for and against. Time was spent understanding the structure of how to compose a response: make your point; explain and give evidence.

Our Lady of Peace Catholic Primary and Nursery School

YEAR THREE

Science

Our learning on the unit of plants was highlighted by our visit to Wisley RHS Gardens. We explored the Green House with the various temperate gardens and its great variety of plants. We learned about how light, water, air and soil supported a seeds germination through experiments.

We also had an exciting Science Day, where children created a rocket from paper and modified their design to make it more aerodynamic.

Geography

N geography, we have learned to name and locate counties within the United Kingdom, geographical features and the human and physical features. We used a search engine and planned a field trip in our local are to identify ways in which our town has changed. We enjoyed comparing our local towns, Slough and Maidenhead to New Delhi.

Our Lady of Peace Catholic Primary and Nursery School

YEAR FOUR

It has been a busy and exciting term for our Year 4 children! We had lots of fun while working hard to complete our tasks. The children took part in several assessments, including the Multiplication Check, where many achieved outstanding results. They should be very proud – their hard work truly paid off.

In English, the children wrote their own portal stories, featuring detailed and expressive setting descriptions. In Maths, we explored statistics, shapes, and position and direction – a topic the children thoroughly enjoyed.

In Geography, we investigated rivers. The children even created a class river model, making sure to include all the key features of a river from source to mouth.

Science was hands-on and exciting! Our investigations focused on sound. One highlight was exploring whether people with bigger ears can hear better – a fun and thought-provoking experiment.

In RE, we reflected on the theme of building bridges of love and friendship. We explored inspiring examples of bridge-builders, such as Pope John Paul II and Nelson Mandela.

It's been a term full of learning, creativity and growth. The children have earned a well-deserved summer break – we wish them a restful and joyful holiday!

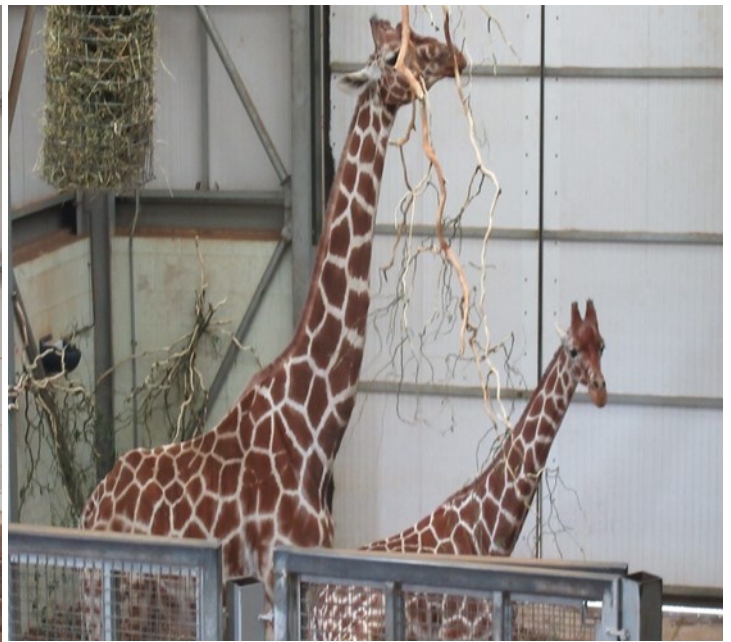

Our Lady of Peace Catholic Primary and Nursery School

YEAR FIVE

Year 5 – Summer Term

Science.

Year 5 visited Whipsnade Zoo to help with our science topic, 'Living things and their habitats.' We have been studying the differences in the life cycle of mammals, amphibians, insects and birds. During the trip, the children became an intrepid explorer of the rainforest in ZSL Whipsnade Zoo's Butterfly House. In pairs the children walked slowly around noting down every different species they saw in the microhabitat of the butterflies, where their life cycle occurs. They also experienced the habitats of many more wonderful animals, as shown in the pictures below.

Our Lady of Peace Catholic Primary and Nursery School

YEAR FIVE

Art

Children have been exploring the work of architects and individual builder/designers and use sketchbooks and drawing to collect, process and reflect upon ideas. The children then went on to build an architectural model of their aspirational home or tiny house, before sharing as a class to see what their peers have made.

Science

We celebrated British Science Week 2025 this term by researching Stephen Hawking, a famous scientist who inspired many people to become interested in science, including some of the world's leading astrophysicists and cosmologists. We also conducted a fun investigation, developing our learning of Forces, by making rockets.

Our Lady of Peace Catholic Primary and Nursery School

YEAR SIX

It has been a very exciting end of the year for our Year 6 children with a couple of school trips, our production, leavers' mass, shirt-signing and the disco all having happened over the last few weeks.

The Year 6s were lucky enough to enjoy a couple of very exhilarating school trips in June. They spent a day in Black Park where they were fortunate enough to take part in some activities on the high ropes at Go Ape. The pupils showed great bravery to overcome their fears and had a fun time

'hanging out' with their friends in the tree tops! We also had some free time where we relaxed in the sunshine with our friends and even had an ice cream to cool down. The children also went to Legoland where, again, they were able to enjoy a thrilling day going on lots of rides and enjoying some quality time with their peers before the end of term. Both were super days out and the children were extremely well-behaved.

The children were also lucky enough to have a Virtual Reality workshop session in school at the end of June. Year 6 had theirs on the 'Seven Wonders of the World' and were transported all over the globe to 'explore' these phenomenal sites that are visited by thousands of people every day. This was a definite favourite for lots of the children who will remember this experience forever!

They also really enjoyed showcasing their performance of Rock Bottom to parents, carers, families and friends over three shows in July. The children had worked very hard to learn all their lines and perfect the songs and were really excited to show off their hard work to their families. I am sure you will all agree that they were fantastic

We achieved some excellent SATs results this year too, well above the National Average in all subjects. As teachers, we are extremely proud of the children and all the hard work and effort they put in to prepare themselves for these tests. They have blown us away with their fabulous outcomes.

We would like to say a huge thank you to Friends of OLOP for the Year 6 children's lovely OLOP Leavers 2025 wristbands which they are all very pleased with.

We wish our Year 6 children the very best of luck at secondary school. We know they will make us proud in their future endeavours. We hope they hold Our Lady of Peace dear in their hearts and come back and visit us soon to tell us all about their new adventures!

Our Lady of Peace Catholic Primary and Nursery School

PE

It has been another packed year of physical movement and sports at Our Lady of Peace. The aim of the PE team has been for **all** children to take part in moderate to vigorous physical activity for an average of 60 minutes a day, (30 minutes in the school day and 30 minutes outside of school) as per government guidelines as well as accessing a minimum two hours of quality PE per week during curriculum time, and also ensure there is equality of access to PE and extra-curricular school sport and competition. We firmly believe that physical activity is paramount to **all**

children having better physical health, mental health, social wellbeing and school outcomes.

To help meet this: we have continued with our school teams, attended more off-site festivals and competitions, expanded our swimming programme, piloted new schemes and tried to promote a love of physical movement in every child.

A big thankyou goes to our House captains who have been fantastic this year in their role of encouraging more children to get involved in a wide range of different games and activities during lunchtimes. We have also been able to attend festivals for year groups 1-6 in events such as girl's football, fencing, touch rugby, wrestling, cricket and athletics as well as being Slough's representatives at the Berkshire School Games.

The school football and netball teams ran throughout the year again and whilst we only managed to arrange the one game for the netball team, the whole squad have been extremely enthusiastic and great fun to coach! The boys and girls football teams enjoyed several matches with the girl's team finishing unbeaten and also winning the inaugural Catholic Schools festival held at St. Bernard's. A big thankyou to all the parents who have helped out with travel this year, it wouldn't have been possible without your support.

During this year, we have also taken part in an FA pilot scheme for Girl's football as well as running for the first time ever the 'Shooting Stars' programme to help develop girl's fundamental movement skills, teamwork, mental well-being and confidence. Another big thankyou to Alicia and Amelona who were integral to the success of this scheme!

On top of all this, a range of sports was played at the After-school clubs, specialised coaches came to the school to teach as well as Olympian Beth Tweddle giving an assembly and a swimming pool appearing in the playground to give more children access to swimming lessons than we have been able to offer before!

We are delighted to announce that our commitment to the development of PE across the school has also been externally recognised as Our Lady of Peace has been awarded the School Games Silver award for the first time ever! A huge thankyou to everyone who has been involved in promoting and participating physical activity this year and we look forward to another fun filled year ahead!

Kind regards

Mr Phelan, Mr Brown and Mr Madigan

Our Lady of Peace Catholic Primary and Nursery School

SLOUGH TOWN FOOTBALL CLUB

Dear All,

Slough Town Football Club would like to share an exciting opportunity to the school's community as a thank you for your continued support.

We have a pre-season fixture vs. Southend Utd on Tuesday 29th July.

Each person can access 2 x FREE tickets. As always all we ask is this offer is NOT shared via social media.

1. Click on link: <https://app.fanbaseclub.com/Fan/Tickets/SelectType?fixtureId=12357>

2. Use code at checkout: SCHOOLS100

Sixteenth Sunday of the Year (C)

CELEBRATING 55 YEARS OF ST. ANDREW'S CHURCH

This Sunday, 20th July ☀ 1 pm St. Andrew's Church - Bring & Share party

We're excited to remind everyone that **this Sunday** we'll be celebrating **55 wonderful years** since St. Andrew's Church first opened its doors! All members of **Our Lady of Peace** and **St. Andrew's** communities are warmly invited to join us for this special occasion.

Here's what to do: 🍷 Bring a small plate of easy-to-share food 🍹 Don't forget your drinks ☺ Enjoy the chance to catch up, mingle, and share memories.

One of the highlights of the day will be a display of our **commemorative tea towel**, first printed for our 40th anniversary — a beautiful reminder of our shared journey.

Let's come together in **faith, friendship, and joy** as we honour the past and look forward to the future.

See you this Sunday at 1 pm!

YOUR HELP IS MUCH NEEDED!

The recent refurbishment of the grotto has greatly enhanced its appearance, making it a more welcoming and prayerful environment for all who visit. We extend our sincere thanks to everyone who supported this project, especially the two parishioners who made the contributions to start us off.

We now need help to cover the remaining costs of the refurbishment, we are kindly appealing for donations totaling **£3,500**. Your support—no matter the amount—will be greatly appreciated and will go directly toward paying the contractor for his hard work.

If you would like to help, **payment** can be made through Bank transfer (with reference **Grotto**), Dona machine is setup for your donations (**Grotto Refurbishment**) or pay to the Parish office.

Thank you for your continued generosity and support.

CHURCH BULLETIN CONTINUED

DECEASED

We remember in our prayers the following members of our community who have recently passed away. May their souls, and the souls of all the faithful departed, rest in peace. Amen.

✠ **Helen Griffin RIP** who passed away recently. Her Funeral Service will be celebrated on Tuesday, 22nd July at 11.30 am in Our Lady of Peace Church, followed by committal at Slough Crematorium.

✠ **Margaret Philomena Walsh RIP** who has passed away recently. Her Requiem Mass will be celebrated on Wednesday, 20th August at 1 pm in Our Lady of Peace Church. Margaret will be repatriated to Ireland later that day and will be laid to rest on Friday, 22nd August.

Let us keep their families and loved ones in our prayers during this time of mourning and hope in the Resurrection.

JOIN OUR ALTAR SERVER TEAM: SERVE WITH JOY AND FAITH

Serving at the altar is a special way to help during Mass. When you serve, you help the priests, deacons, and the whole church family. Most importantly, you are serving Jesus!

✓ You need to have made your **First Holy Communion**.

✓ Boys and girls are both welcome!

Interested? 📱 Contact Lisa Timms on WhatsApp: **07584 056300**

We'll be holding a meeting soon for all new and current altar servers. Come and be part of this important ministry!

RED BOX - Missio Fundraising Mass – A Message of Gratitude: Last Saturday 12th July at St. Theresa's Church, we were honoured to welcome our National Director, Fr. Anthony Chantry, and Diocesan Director, Fr. Daniel Rooke, for a special Mass focused on our shared commitment to Missio fundraising. In his inspiring homily, Fr. Anthony shared heartfelt stories from his recent visits to Cambodia and Thailand, where the Catholic Church's work has brought hope and new life to communities affected by war and hardship. He also conveyed a powerful message of thanks from Pope Leo, expressing deep gratitude to all of us who support the missionary mission.

These stories remind us how our contributions make a real difference around the world. Thank you for your ongoing generosity and prayers.

SHEKHINAH PRAYER GROUP: This Wednesday, 23rd July, the theme will be **Reflections on the Gospel of Luke 11:1-13**, for The Seventeenth Sunday of the Year (C). The speaker will be **Deacon Michael**.

UPCOMING KEY DATES

- 13 Sept Parish Tea Party
- 11 Oct Parish Liturgy Conference
- 14 Dec Parish Annual Concert

HOLIDAY BLESSINGS: We wish each and every one of you a peaceful, refreshing, and joyful holiday season. May this be a time of rest, renewal, and cherished moments with your loved ones.

Stay safe, be well, and know that you remain in our prayers wherever your summer travels may lead, and may God's presence go with you always.

CHILDREN LITURGY: There will be a liturgy of the word this **Sunday 20th July at OLOP**, for all children attending school years Reception to Year 3 during the 9.30am mass.

As we approach the summer break, the **Children's Liturgy Team** would like to wish all our children and families a **happy, safe, and restful summer holiday**. We look forward to welcoming you back in the new term!

RETIRING COLLECTION: Next weekend, a retiring collection will be held for the Franciscan Missionaries of Mary.

A retiring collection for the **Apostleship of the Sea (Sea Sunday)** amounted to £209.70. We are very grateful for your continued support.

THANK YOU FOR A WONDERFUL PARISH BBQ

A heartfelt **thank you** to all who joined us for the Annual Parish BBQ last Sunday afternoon! Despite the short notice, your presence, enthusiasm, and generous spirit turned the event into a truly joyful gathering.

From the delicious dishes shared (especially those amazing salads!) to the lively music from the S.I.G.A Band and the laughter echoing through the parish garden—it was a beautiful reminder of the strength and warmth of our parish family.

We're grateful for each one of you who helped set up, cooked, cleaned, played, sang, or simply came to enjoy the afternoon. Your contributions made the day special, and we couldn't have done it without you.

Let's continue to build on this spirit of fellowship and faith. Until the next gathering—God bless you all!

TRAIN TO TEACH AT YOUR LOCAL CATHOLIC SCHOOL:

St Thomas Catholic Academies Trust is launching its Train to Teach programme starting in **September 2026**. To find out more and register your interest, visit to www.stcat.co.uk/book-now

ST NICOLAS CHURCH TAPLOW: We would love to welcome friends from the local churches to our **summer BBQ** in the stunning **Taplow Rectory Garden 1pm to 4pm on Saturday 2nd August**. Tickets are available in advance from the website www.st-nicolas-taplow.org under the "our shop - shop now" tab. £10 for adults and an accompanying child FREE per adult ticket purchased. We don't send out tickets but purchasing in advance means we can cater better and your name will be on a list at the entrance as a ticket holder.
